3. Net Loss	7890.52	3470.84
4. Loss carried to Balance Sheet	7890.52	3470.84

2.0 OVER VIEW & PRODUCTION

- (i) Cement Industry, in last 3-4 years, suffered due to slow down in infrastructure sector and low demand from housing sector due to unaffordable prices with little sign of moderation. The industry is also grappling with excess capacity and low capacity utilization. Cement prices remained flat in the above period and the weakness in demand has been so severe that cement companies were, at times, forced to cut dispatches to certain regions hit by low demand. The government has however in the recent past, taken steps for accelerating growth in infrastructure sector particularly roads, national high ways and ports and this is likely to improve the demand scenario. The economy of the country has performed better than the advanced economies as well as emerging market economies and it is growing at relatively high rate even though the average growth in the world economy has been low. The national GDP is expected to grow in the region of 7.4 % to 7.6% in the financial year 2015-16 as per the estimates made by International Monetary Fund (IMF) and various Rating Agencies. The overall growth in the economy will spur demand for cement which is one of the eight core industries.
- (ii) Most of the economic parameters required for macro level stability in the economy are favourable. Consumer price inflation is at reasonable level and the wholesale price inflation is in negative zone. RBI has cut the lending rates by 1.5% since January, 2015 with the present Repo rate at 6.5%. Now, it is expected

that the banking sector will pass on the reduction in lending rate for improvement in credit off-take. All this augur well for the economy of the country.

- (iii) Even though the economy has grown, this is yet to show a positive impact on significant demand revival and improved corporate earnings. Two consecutive deficient monsoons were big dampener for the industry as well as the overall economy. All this cumulatively resulted in a very subdued growth in cement industry which was in the range of 1-2% in the financial year 2015-16 against the expected rate of growth close to the GDP growth rate. However, now there seems to be some pickup in demand for cement as the Industry witnessed the production increasing by 11.9% in March 2016 on year - on - year basis. It is expected that with the emphasis on Infrastructure sector and softening of real estate prices due to large unsold inventory, the demand will get a boost and the expected above normal monsoon is likely to provide a fillip to the demand from rural sector. Major infrastructure projects which are proposed to be taken up in future will require more than 45 Million tons of cement in next 3-4 years and this is likely not only to bridge the gap between demand and supply but also improve the prices which have remained static over last few years.
- (iv) As earlier reported, the company continued to confront another serious problem i.e. the shortage of limestone caused by non-renewal of a mining lease of the company by the Government of Bihar in December,

2013. While the cement production dropped by about 25% in the last financial year i.e. 2014-15 compared to the immediately preceding financial year, the year under report witnessed still bigger fall in production which was at 4.39 lac Tons in 2015-16 registering a further drop of about 10% in comparison to the level of 2014-15 and over 31% as compared to the year before. The company has approached the Hon'ble Patna High Court for appropriate relief in the matter and all efforts are being made to have the lease rights restored to the company through the legal process. In the meantime, the company has received Environmental Clearance from the Govt. of India, Ministry of Environment, Forest and Climate Change. The Central Government has also notified the Eco-Sensitive Zone around the Kaimur Wild Life Sanctuary and these two approvals are expected to expedite the process of renewal of the Murli Pahari Mining Lease by the Govt. of Bihar.

3.0 FINANCIALS

The fall in cement production from 4.8 lac tons in the FY 2014-15 to 4.39 lac tons in the Financial Year under report resulted in lower revenue realization and the Company's sales turn-over fell to Rs.143.86 Crores during the year from Rs.171.39 crores during the previous year i.e. 2014-15. Even though the industry witnessed some improvement in production led by uptrend in demand in the later part of the financial year, cement prices did not improve on expected lines. The cement realization of the company suffered still more due to its inability to extend credit to the distributors. The Company's Working Capital problem continued during the current financial year also in view of non-availability of bank finance or any external financial support. In addition, the substantial finance cost, most of it due to delay in payment of statutory dues, adversely affected the bottom line with company's negative EBIDTA at Rs.55.62 crores, whereas the net loss stood at Rs.78.91 crores after considering depreciation and finance cost.

4.0 REVIVAL OF THE COMPANY

Your company is confronted with various problems for last few years and is, at present, in the process of revival under the aegis of the Board for Industrial and Financial Reconstruction (BIFR) pursuant to the provisions of Sick Industrial Companies (Special Provisions) Act, 1985 on the basis of a Revival Scheme sanctioned by BIFR in October, 2011. Due to unfavourable environment created by the economic slow down in the last few years coupled with

Limestone problem, the company could not achieve the parameters envisaged in the Revival Scheme sanctioned by BIFR and your company therefore has approached BIFR again with a Modified Draft Revival Scheme (MDRS) for approval of certain additional reliefs and concessions including reschedulement of payment of dues. BIFR is yet to take a view on the modified scheme comprising therein the proposed changes seeking reliefs / reschedulement of dues. The revival process has been delayed as BIFR did not have a Bench for over 6 months due to vacancy in the position of Chairman and Member. On the direction of the Hon'ble Delhi High Court, some positions have been filled in and the bench has recently started functioning. It is expected that the MDRS will be circulated in due course.

5.0 MANAGEMENT DISCUSSION AND ANALYSIS

Management discussion and analysis has been appended to the report as Annexure-1.

- viii) Providing regular financial updates to the board.
- ix) Ensuring compliance with the provisions of Corporate Governance, insider trading, the conditions of the listing agreement and other Capital market regulations as applicable to the company.

The evaluation has been made in respect of the performance of various directors on four scales.

9.2 Determining qualifications, positive attributes and independence

- 1.0 The Nomination and Remuneration Committee is required to formulate the criteria for determining the qualifications, positive attributes and independence of a director and recommend to the board a policy relating to the remuneration for the directors, key managerial personnel and other employees. The Nomination & Remuneration Committee has formulated a Remuneration policy which has been approved by the Board of Directors of the Company. The Nomination and Remuneration Committee has also formulated the criteria for determining qualification, positive attributes and independence of a director for appointment on the board of directors of the company as under and the same has been approved by the Board and implemented.

1.1 Criteria for Qualification –

- a) The directors to be appointed on the Company's Board will have the minimum academic

qualification of Graduation.

- b) The wholetime directors shall be professionally qualified in the related fields.

1.2 Positive attributes –

- a) Academic and professional excellence in their respective fields.
- b) Communication skill.
- c) Stature in the Corporate or other relevant areas.

1.3 Independence.

The status of independence will be governed by the provisions of Section 149(6) of the Act.

9.3 The Policy on Board diversity

- 1.0 The Listing Conditions provide for devising a policy on Board diversity by the Nomination and Remuneration Committee. The Board diversity is required to have on the Board of directors of the company, the people from diverse background who could bring with them, the varied experience in different fields which enable the Board to provide effective guidance from different perspective adding value to the Company's operations, shareholders' worth and effective compliance as a good Corporate Citizen. Accordingly, the Nomination and Remuneration Committee has framed the following policy on Board diversity.

- i) The Board should comprise the independent and non independent directors as stipulated under the provisions of the Act and the listing Conditions.
- ii) The Board should comprise the adequate combination of Executive and Non Executive directors.

- v) There should be representation of women also on the Board to have gender diversity.

10.0 "REMUNERATION POLICY"

- 1.0 The Nomination and Remuneration Committee has

formulated a Remuneration Policy for the Directors, Key Managerial Personnel and other employees of the Company which has also been approved by the Board of Directors. The Remuneration Policy, as approved is given below:

2.0 Section 178 (3) and Section 178 (4) of the Companies Act, 2013 provide as under:

(3) The Nomination and Remuneration Committee shall formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.

(4) The Nomination and Remuneration Committee shall, while formulating the policy under sub-section (3) ensure that –

- (a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
- (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- (c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals:

Provided that such policy shall be disclosed in the Board's report".

In terms of the provisions of Section 178 (3) and Section 178 (4) of the Companies Act, 2013, the Nomination and Remuneration Committee has to recommend to the Board a policy relating to the remuneration payable to the directors, Key Managerial Personnel and other employees. Accordingly, the Nomination and Remuneration Committee has formulated the following Remuneration Policy for the directors, Key Managerial Personnel and other employees of the company.

3.0 Remuneration payable to Non Executive Directors.

3.1 Section 197 of the Companies Act, 2013 provide for payment of commission to Non Executive Directors limited to 1% of the Net Profit where the company has a Managing Director or a Wholetime Director and 3% where the company has no such managing or wholetime Director.

Since KCL does not have profit, no commission is paid to the Non Executive Directors and they are paid only the sitting fee under the provisions of the Companies Act, 2013 read with the Articles of Association of the Company.

3.2 Remuneration Policy in respect of Executive Directors and Key Managerial Personnel

The following factors / criteria would determine the remuneration payable to Executive Directors and the Key Managerial Personnel.

- (i) Educational, professional and technical qualification
- (ii) Experience of managing various fields in industry like administration, marketing, commercial, technical, finance etc.
- (iii) Salary structure presently in the industrial units of similar size.
- (iv) Complexity involved in managing the business of the company in view of various challenges like (i) financial constraints, (ii) dealing with government agencies for seeking various approvals, (iii) serious legal issues etc.
- (v) The provisions under the Companies Act, 2013 read with the relevant schedules provided therein.
- (vi) Apart from payment of basic salary and House Rent Allowance in keeping with the industry trend, providing the statutory benefits like Provident Fund, Gratuity and Leave Encashment and other benefits like Medical, Annual Leave Scheme.
- (vii) Consideration of the current financial position of the company while deciding the remuneration payable to the executive Directors and Key Managerial Personnel.

4.0 Remuneration Policy applicable to the Senior Management and other officers of the company

The company presently has three grades of officers namely (i) Jr. Officers, (ii) Jr. Managers and (iii) Sr. Managers.

The following factors / criteria would determine the remuneration payable to the senior Management and other officers of the company.

- 4.1 Educational and Professional Qualifications of the officers.
- 4.2 Experience in terms of length of service and quality

of such experience based on association with the organizations in the past.

- 4.3 Payment of basic salary and House Rent Allowance in keeping with the trend in industry particularly similar size companies.
- 4.4 Payment of remuneration by breaking the same into fixed and variable parts and variable salary to be linked with the production and profitability of the company.
- 4.5 To link the remuneration payable to senior management category employees on the basis of the cadre he belongs to and the responsibilities entrusted to him.
- 4.6 To provide statutory benefits like Provident Fund, Gratuity, Leave Encashment and other benefits like Medical as well as Annual Leave Scheme.
- 4.7 The annual increment to be provided in keeping with the performance of the company and in the event of unsatisfactory performance of the company, to provide the annual increment close to inflation.
- 5.0 Remuneration Policy in respect of other Employees
- 5.1 Employees are appointed as per the hiring policy of the company in different grades of workmen and staff.
- 5.2 The unionized workers to be paid wages as per the Wage Agreements with them. Payment of Variable Dearness Allowance (VDA) linked with the Consumer Price Index (CPI) on quarterly basis circulated by Cement Manufacturers Association (CMA) based on the data published by the Ministry of Labour, Govt. of India.
- 5.3 Payment of remuneration to non-unionized staff at the Corporate Division and Marketing Division at Patna on the basis of compensation package applicable to such employees in Patna. To provide Variable Dearness Allowance (VDA) to such staff members also.

11. DISCLOSURE PURSUANT TO SECTION 197 (12) READ WITH RULE 5 OF THE COMPANIES (APPOINTMENT AND REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014

- i) The ratio of the remuneration of each director to the median remuneration of the employees.

Managing Director 29.23:1

Jt. Managing Director 27.53:1

The median remuneration of the employees does not take into consideration the value of housing accommodation provided to the workers, staff

and officers in the factory.

- ii) The percentage increase in remuneration of directors and KMPs

Managing Director 3.43%

Jt. Managing Director 3.93%

CFO & Co. Secretary (KMP) and other Equivalent Senior Officer 20%

- iii) The percentage increase in the median remuneration of employees; 5.04%

- iv) The number of permanent employees on the rolls of company; 929

- v) The explanation on the relationship between average increase in remuneration and company performance

The company is registered with the Board for Industrial and Financial Reconstruction (BIFR) and is in the process of revival through the aegis of BIFR. The increase in remuneration provided by the company is very modest and rather lower than the industry average. The increase is barely enough to neutralize the effect of inflation and is essential to retain the employees in the company as the company, at this stage, needs more close and effective leadership as well as other employees.

- vi) Comparison of the remuneration of the Key Managerial Personnel against the performance of the company;

The increase in the remuneration of KMP and other equivalent senior officer is 20% which has been granted as a correction in salary considering the market trend and the compensation offered by the company to an incumbent at similar position. In view this, the increase is considered reasonable and was necessary to retain the incumbents.

- vii) Variations in the market capitalization, price earnings ratio and market price vis-à-vis issue price of shares

As mentioned above, the company at present is in the process of revival. Its network is negative and although the company's shares are listed at Bombay Stock Exchange, the trading is very rare. The shares of the company were last traded at the rate of Rs.10.45 per share on 18.12.2015. The company has not made any public offer for issue of shares in the financial year 2015-16.

- viii) Increase in the salaries of managerial personnel and other employees

The increase in the salaries of employees in the financial year 2015-16 was 5.04% against the average increase of 3.67% in the salary of managerial personnel.

- ix) Comparison of the each remuneration of the Key Managerial Personnel against the performance of the company;

This has been explained in reply to para (vi) above.

- x) The key parameters for any variable component of remuneration availed by the directors; presently not applicable.

- xi) The ratio of the remuneration of the highest paid director to that of the employees who are not directors but receive remuneration in excess of the highest paid director during the year;

Not applicable

- xii) Affirmation that the remuneration is as per the remuneration policy of the company

It is affirmed that the remuneration being paid by the company is in conformity with the remuneration policy of the company.

12.0 Share Capital

The Company did not issue any share capital during the financial year 2015-16.

13.0 Auditors

M/s.M.Mukerjee & Company, Chartered Accountants, Kolkata are the statutory auditors of the company. Under the provisions of the Companies Act, 2013, they are eligible for re-appointment.

14.0 Committees of the Board of Directors

The Board of Directors have appointed three committees namely (i) "Audit and Risk Committee" (Re-designated as Audit and Risk Committee in place of the earlier name as Audit Committee) (ii) Nomination and Remuneration committee and (iii) Stakeholders Relationship Committee. The requisite details in respect of these committees have been provided in Annexure – 3 dealing with "Corporate Governance".

The Board has accepted the recommendations of the Audit Committee and there is no such recommendation of the Audit Committee which has not been accepted by the Board of Directors of the Company.

15.0 Vigil Mechanism

The Company has introduced a vigil mechanism, for its Directors and Employees to report their genuine concerns or grievances. Since the company has an Audit Committee (Now re-designated as Audit and Risk Committee) the responsibility to oversee vigil mechanism has been entrusted to the Audit Committee. The Chairman Audit Committee has been authorized to ensure effective implementation of the vigil mechanism established by the company. The details of vigil mechanism are as under:

- i) The Employees and Directors of the company may bring to the notice of the Chairman of the Audit and Risk Committee, any irregularity, wrong doing, unethical practice or any activity against the principles and standards laid down for conduct of the business of the company.
- ii) The whistle blower will only report the irregularity and not act as an Investigator. He may be asked to make oral submission by the Chairman Audit Committee.
- iii) The identity of the whistle blower will be kept confidential as far as possible. Such whistle blower will also not be discriminated or meted out any unfair treatment in employment matters.

MANAGEMENT DISCUSSION AND ANALYSIS:**1. Industry Structure and developments**

- 1.1 Cement industry is one of the eight Core Industries namely (i) Coal (ii) Crude Oil (iii) Natural Gas (iv) Refinery Products (v) Fertilizer (vi) Steel (vii) Cement and (viii) Electricity. Out of the said eight Core Industries, Cement and Steel are Key Industries for growth of infrastructure in the Country. Cement Industry, till its total deregulation in 1989, had a capacity in the region of 45 – 50 Million Tons and started growing rapidly in post deregulation period and particularly after cement was freed from licencing in 1991 in the process of liberalization of Indian economy. Indian cement industry, next only to China expanded its capacity in a significant way in last 14-15 years. While the industry took 8 decades to reach the 100 million ton capacity, the 2nd 100 million ton was added in 11 years and the 3rd 100 million ton was added in just 3 years. Indian Cement manufacturing capacity at present is about 410 Million Tons and as in case of any industry, cement manufacturing capacity has been created in India, on the basis of the growth forecasts in various sectors of the economy, generally ahead of demand.
- 1.2 The capacity creations in India therefore have been in bunches based on the growth expectations and in the event of real demand not matching the growth forecasts, there were delays in absorption of full capacity leading to the situation of surplus cement manufacturing facilities and mis-matches in demand and supply persisting, at times, longer than anticipated. The present cement manufacturing capacity of 410 Million Tons approx. has not been able to be fully absorbed in the economy due to lower than expected consumption caused by tepid growth in creation of infrastructure facilities across the Government, Private and Public Private Partnership sectors.
- 1.3 The Indian Cement Industry grew at a rapid pace upto the year 2010 and had grown at the Compounded Annual Growth Rate (CAGR) between 8% to 9% resulting in a demand supply equilibrium position. The capacity additions during the later period were not backed by commensurate growth in demand for cement caused due to slowdown in infrastructure and housing sectors creating demand supply mismatch which continues, to a considerable extent, till now. The surplus capacity coupled with low demand growth led to low capacity utilization in the range of 65 – 70% in last 2-3 years. Cement prices also remained flat

during this period while the input costs showed escalation. Some input prices like coal, bags, etc. have moderated in last two years due to softening of the commodity prices particularly oil.

- 1.4 Cement Industry has now grown into a more organized sector and evolved to become more efficient in terms of energy consumption, quality of product, technological upgradation leading to increased use of blended cement, etc. Industry is also focusing more on alternate fuel with emphasis on environment protection. The company also, in line with the trend in Industry, has achieved significant efficiency levels in energy consumption and earlier received awards on this account in two years.

2. Opportunities and Threats**2.1 Opportunities**

- (i) Cement Industry, considering the growth during pre and post deregulation period, is considered a success story as the same has helped create substantial growth in housing and infrastructure sectors. The domestic cement industry is the second largest cement market globally contributing 8% to world cement production. The industry is a significant player in the economic development of the country by providing large contribution to State and Central Exchequers. Since it is both capital and labour intensive industry, it provides employment to over a million people of the country besides creating large asset base in the economy. Even though the industry witnessed muted growth in last 3-4 years, both in terms of demand and price structure, it has high growth potential in view of the emphasis of the Central Government on developing infrastructure in the Country as evident from the ambitious target of spending US \$ 1 trillion envisaged in the 12th five year plan. Even somewhat lower than the envisaged spending on infrastructure would drive the demand growth considerably and provide much needed fillip to the economy for quicker revival. The Government's plans to construct (i) National Highways (ii) the Projects named Bharat Mala and Sagar Mala (iii) 100 Smart Cities and (iv) Housing for all till 2022 are indicative of quantum jump in cement sector. The housing sector is the biggest demand driver accounting for over 60% of the total cement demand. The Government's resolve to provide housing for all by 2022 will be major driving force for growth in cement industry in next decade. Swachh Bharat Abhiyan is also likely to contribute significantly to the demand for cement. Moreover, Indian Cement Industry has greater potential to grow fast in view of the fact that the per capita cement consumption in India is about 191 Kg

(in 2012) which is much lower than the International average of 536 Kg (in 2012), leaving significant opportunities for growth.

- (ii) Cement market in India is expected to grow as it has to cater to demand for the new infrastructure projects and it is estimated that such projects will require about 45 Million ton cement in next 3-4 years and this will not only push towards a demand supply equilibrium position but will also help stabilize and improve the prices providing financial power to the industry for further expansion in the capacity and maintaining the cycle of growth in the economy. According to an estimate by Cement Manufacturers Association (CMA), Indian Cement Industry may have a capacity of 750 million ton by 2023-24 with production of 665 million ton i.e. a capacity utilization of about 89%. Softening of bank interest rate by 1.5% since January 2015 will have a positive effect on the growth of the industry as well as overall economy.
- (iii) The eastern states as well as those on the country's borders are likely to witness significant growth in consumption of cement due to the emphasis on infrastructure development in those areas with a possibility of cement manufacturing capacity. Bharat Mala is one such project which will boost cement consumption in the North East and border states. Sagar Mala project will connect the coastal states and significantly augment the ports capacities. In next one decade India may emerge one of the main exporters of clinker and gray cement to the Middle East, Africa and other developing countries of the world.
- (iv) On quality front, India has already demonstrated its capability to produce the world class high quality and different varieties of cement conforming to any international standard viz BS, ASTM, DIN etc. The industry is also actively pursuing the use of alternate fuel to reduce dependence on coal besides using advanced and environment friendly technologies as well as waste heat recovery based co-generation of power.

2.2 Threats

- (i) Even though the demand for cement is likely to improve, lower than expected monsoon may spoil the growth prospects when two successive bad monsoons have already pushed the growth rate back.
- (ii) Since the industry is already faced with surplus capacity situation, any addition to the capacity at this stage and not absorbed by commensurate demand would lead to further imbalance in the demand and supply and push

the cement prices further down affecting adversely the financial base of cement companies.

- (iii) If the 12th plan projections of spending one trillion dollars do not fructify and there is a substantial short fall, the cement industry in the country will face the threat of lower growth.
- (iv) Although presently, the International Coal prices are at reasonable levels, any significant change in the World economy leading to growth in demand for coal will have negative impact on Indian Cement Sector in the form of high input costs.
- (v) Increase in commodity price including oil will have adverse impact on cement industry in terms of higher cost of logistics; cement being a voluminous material entailing high freight cost.

3.0 Segment wise or product wise performance

The company is engaged only in manufacturing and marketing of cement and its products are sold mostly in the State of Bihar. The company therefore has got only one product and geographical segment.

4.0 Outlook

- (i) As mentioned earlier, the economy of the Country has been witnessing slow growth since 2012-13, the growth being 4.5% in 2012-13 and 4.7% in 2013-14. The growth rate in 2014-15 was estimated as 5.5%. These growth rates were however based on the methodology adopted by Central Statistical Organization (CSO) earlier and now the corresponding growth rates under the new methodology are 5.1 % (2012-13), 6.9% (2013-14) and 7.3% (2014-15). As per the estimates made by IMF, various rating agencies as well as the Government sources, the economy is likely to grow by 7.4% to 7.6% in 2015-16.
- (ii) On the basis of a study, the World Bank has made a forecast which shows that the Indian Economy is expected to grow @ 7.9% in 2016-17 and 8% in 2017-18. With the changes in the policies for real estate and infrastructure sectors, housing for all till 2022 as promised by the Central Government, 100 smart cities, Bharat Mala and Sagar Mala Projects, plans for rapid growth in National highways and Railway sectors, Cement is poised for a big leap in the times ahead with not only demand supply gaps narrowing but further capacity build-up getting a needed boost. Reduction in the Policy rates by RBI and a look up in industrial production would lead to additional growth which augurs well for Cement Industry.

5.0 Risks & Concerns

- (i) The surplus capacity situation in the cement industry of the country continues to pose risk for the industry as the same diminishes the industry's capability to realize remunerative prices from the market. Power and Fuel (Coal) are the two major components contributing to the manufacture of cement and these two items have witnessed significant escalation in last few years despite cement prices remaining flat thereby putting the industry margins under severe pressure. The cost of these two inputs have moderated only in last two years but any increase in oil and coal prices will impact the industry negatively.
- (ii) The availability of good quality coal remains a concern for cement industry. Majority of the Indian coal does not provide desired calorific value and this increases dependence on imported coal, the prices whereof are prone to fluctuation due to the dynamics of international demand and supply of coal.
- (iii) Cement is a bulk commodity and involves long haul transportation involving sizeable carrying cost. Logistics therefore plays a very important role in cost of delivery of cement to the ultimate consumer. Although the international crude prices remained soft during the recent times which eased the pressure on logistics cost, the same is now on uptrend. Any significant increase in international crude price will have the risk of negatively impacting the industry margin.
- (iv) The government's emphasis on infrastructure projects will result in creation of such facilities only when required land is available. The availability of land remaining uncertain, the anticipated growth in infrastructure sector remains a cause for concern at least in short term.

6.0 Internal control systems and their adequacy

- (i) The company has established effective internal controls both in operational & financial areas and the same have proved to be effective. The objective of internal control systems established by the company is to ensure efficient use and protection of the company's resources, accuracy in financial reporting and ensuring that the financial statements of the company are considered reliable and credible in providing true and fair view of the state of affairs of the company.

- (ii) The company has appointed a reputed firm of Chartered Accountants who performs the internal audit of the operations and financial affairs of the company and submit their reports to the Audit Committee on quarterly basis. The internal controls are reviewed by the auditors periodically and deficiencies, if any are pointed out by them for corrective measures.

7.0 Financial performance with respect to operational performance

- (i) The company presently is in the process of revival through the aegis of the Board for Industrial and Financial Reconstruction (BIFR). Since the cement market, due to over capacity situation in the industry, has remained sluggish in last few years, the company's operations & financial results also remained adversely affected. Non-renewal by the Govt. of Bihar of the company's main operative mining lease effective from Dec.'2013 compounded the problem by creating Lime Stone shortage for the company pulling down cement production by over 31% in the year under report over the earlier level.
- (ii) The reduced level of operations, led by working capital difficulties and lime stone shortage coupled with flat cement prices as well as cost escalations, resulted in loss.

8.0 Material developments in human resources, industrial relations front including number of people employed.

In order to achieve full utilization of equipment and inculcate proper operation and maintenance practices, the company's personnel are exposed to latest ideas and concepts through various in house as well as external training programmes. Interactions amongst plant personnel on a daily basis also helps improve sensitivity about the plant and better identification of plant problems and their resolutions and also in identifying the areas of cost reduction. Barring few incidents of work stoppages for wage disbursements, the industrial relations generally remained cordial during the year under report. The company employed 929 people during the year.

REMARKS OF THE AUDITORS & SECRETARIAL AUDITORS AND MANAGEMENT'S REPLIES

Sn.	Remarks	Explanation
A	Remarks contained in Independent Auditors report	
A.1	Report on other Legal & Regulatory Requirements	
	The Company has pending litigations which impact its financial position.	The company has filed cases against various persons and similarly various parties have also filed cases against the company in the normal course of business. Some of the cases have been filed for recovery of dues whereas others have been filed for resolution of disputes of varied nature. The impact of such cases, till concluded, is unquantifiable. Cases having significant financial implication have already been disclosed as contingent liability in Para 1.0 of Note-19 to the Balance Sheet.
A.2	Emphasis on Matters	
i)	As stated in para 1.1 of Note 19 to the Balance Sheet, the claim of BSEB (now South Bihar Power Distribution Company Limited) is disputed in respect of 33 KV power connection. The nature of dispute & the details relating thereto have been explained in the above paragraph of Note 19.	The full details of the case have been provided in para 1.1 of Note-19 to the Balance Sheet. The Arbitrator sole awarded Rs.3.0 crores against the company which has been challenged by the company in the District Court, Patna.
ii)	In terms of para 4 of Note 19 to the Balance Sheet, Documents and papers relating to all the immovable properties including land at Banjari are deposited with IFCI Ltd. which assigned its loan earlier granted to the Company to Arcil - Kalyanpur Cements Ltd. Trust.	This is a statement of fact. IFCI Ltd. is one of the financial institutions who had assisted the company for setting-up its plant. Since they were the lead financial institution, security documents were pledged with them. Even after the debts were assigned by them and other institutions and banks in favour of the Asset Reconstruction Company (India) Ltd. (ARCIL), the documents continued to remain in their custody. The company enjoys peaceful possession of all its immovable properties.
iii)	Without qualifying our opinion, though the accounts have been drawn on going concern concept, the accumulated losses at the end of current financial year considering the loss of Rs.7890.52 Lacs for the year amount to Rs.42560.16 Lacs against the capital and reserve of Rs.4836.54 Lacs which leaves a negative network of Rs.37723.62 Lacs. In view of this negative network, ability of the Company to continue as a going concern is dependent upon the Company's performance after the scheme sanctioned by BIFR.	<p>The Company is registered with the Board for Industrial & Financial Reconstruction (BIFR). The Revival Scheme sanctioned and circulated by BIFR in Feb'12 is under implementation. The parameters envisaged in the Sanctioned Scheme could not be attained due to various unforeseen economic reasons which led to unsatisfactory operations & loss in last few years. This necessitated a relook at the Sanctioned Scheme and accordingly, the company has approached BIFR for modification in the Scheme by considering grant of some additional reliefs & concessions besides re-schedulement of various dues including statutory dues.</p> <p>However, since the positions of Chairman and Member of BIFR remained vacant for quite some time, the revival process has been delayed and there was no progress with respect to the Modified Draft Rehabilitation Scheme (MDRS) submitted to BIFR. BIFR has now become functional and the company has requested for circulation of the MDRS to all the Stakeholders for consent in respect of the reliefs and concessions envisaged therein. After their consent is received, the Modified Scheme will be approved by BIFR.</p> <p>On full implementation of the sanctioned scheme as well as the proposed modifications therein with the approval of BIFR, it is expected that the company's operations and financial position will show improvement and the company therefore is expected to continue as a going concern.</p>

A.3 Annexure to Independent Auditors Report																											
i)	According to the information and explanations given to us and on the basis of examination of records of the Company, the company is not regular in depositing the undisputed statutory dues including Provident Fund, Income-tax(TDS), Service Tax, Value Added Tax, Royalty & Cess to the appropriate authorities. The extent of outstanding statutory dues as on 31.3.2016 for a period of more than six months from the date they became payable are given below:		Due to adverse macro economic conditions causing low demand for cement, consequent poor sales realization and steep escalation in cost of inputs mainly power and fuel, the company's financial position deteriorated sharply in last few years including the financial year under report resulting in liquidity constraint. As a result, various statutory dues could not be paid in time. The Company, in its Modified Draft Rehabilitation Scheme (MDRS) submitted to BIFR has sought re-schedulement of these dues and proposed their payment in installments.

5	Cement CESS	12.71																									
6	Central Excise Duty	154.62																									
7	Service Tax	26.44																									
	The Central Excise Duty & Employees' State Insurance dues have been generally deposited regularly except some delay in case of Central Excise duty as mentioned above.																										
ii)	The company has defaulted in payment of the Central Excise loan of the Government of India disbursed through IFCI Ltd. as referred to in Note 4 to the Balance Sheet.		The Revival Scheme sanctioned and circulated by BIFR in February, 2012 provided for payment of Central Excise loan of Rs.9.72 crs. granted by the Govt. of India and disbursed through IFCI Ltd. in six annual installments ending with financial year 2014-15. The company had since paid the Central Excise loan of Rs.2.70 crs. and the present dues amount to Rs.7.02 crs. However, due to slippage in operations for reasons beyond the control of the company, the payment of Central Excise Loan has been delayed. The company has sought re-schedulement of remaining dues of Rs.7.02 crs. under the MDRS.																								
B. Remarks contained in Secretarial Audit Report																											
i)	The company is registered with the Board for Industrial and Financial Reconstruction (BIFR) and the revival Scheme sanctioned and circulated by BIFR in February, 2012 is under implementation.																										
ii)	The total dues / outstanding Statutory Liabilities of the company as at the end of financial year 31 st March, 2016 accumulated to Rs.9,534.84 Lacs.																										
iii)	The accumulated loss of the company at the end of financial year 31 st March, 2016 amounted to Rs.42,560.16 Lacs against the Capital and Reserve of Rs.4,836.54 Lacs and thereby leaving a negative Net worth of Rs.37,723.62 Lacs.		As mentioned earlier in reply to para A.2 (iii) above, the company has since approached BIFR for modification of the Revival Scheme and submitted the MDRS for the purpose.																								

iv)	In terms of approved Scheme of Compromise, the preference Shares of the company were to be redeemed in financial years 2009-10, 2010-11 and 2011-12 in equal annual instalment of Rs.2.21 Cr. However, due to non-availability of profit for distribution of dividend or fresh proceeds of shares, the preference shares of the company, under the circumstances, could not be redeemed, based on the legal opinion received by the company.	This is a statement of fact and the preference shares could not be re-deemed due to non-availability of profit for distribution of dividend or fresh proceeds of shares and accordingly the redemption could not be made which was in consonance with the provisions of law. This is also based on legal opinion obtained from an eminent firm of lawyers.
v)	On approval of the Scheme of Compromise by the Hon'ble Calcutta High Court on 21 st November 2006, the preference shares carry a coupon rate of 0.1%. The cumulative dividend, on such shares, from the approval of scheme till the close of the financial year under reporting accumulated to Rs.619,702 (Rs. Six lac nineteen thousand seven hundred two only).	The accumulated dividend of Rs.6.20 lacs on Cumulative Redeemable Preference Shares has been disclosed as contingent liability in Para 1.5 of Note-19 to the Balance Sheet as at 31.03.2016.
vi)	As per the Scheme sanctioned by the BIFR, the unsecured loan of Rs.200 lacs are convertible into equity shares at par with a lock-in period of three years from the date of allotment.	BIFR Sanctioned Scheme provides for conversion of the unsecured loan of Rs.200 lacs brought in by the promoters into equity with a lock-in period of three years from the date of allotment. The scheme however, does not lay down any time frame for conversion of the said loan and the same will be done at appropriate time.
vii)	Several litigations are pending, either filed by or against the company, in the normal course of business.	The reply at Para A.1 above may be referred to.

2. The management and Board of Directors of the Company are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with rule 7 of Companies (Accounts) Rules, 2014. This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements, that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's management and Board of Directors, as well as evaluating the overall presentation of the financial statements.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

6. In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2016;
 - (b) In the case of the Statement of Profit and Loss, of the loss for the year ended on that date; and
 - (c) In the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

7. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure-I" a statement on the matters Specified in paragraphs 3 and 4 of the Order.

8. As required by section 143(3) of the Act, we further report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid financial statements comply with the applicable Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules 2014.
- e) On the basis of written representations received from the directors as on March 31, 2016, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-II" and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has pending litigations which impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise
 - iii. There has not been an occasion in case of the Company during the year under report to transfer any sums to the Investor Education and Protection Fund.

Emphasis on Matters

- (i) As stated in para 1.1 of Note 19 to the Balance Sheet, the claim of BSEB (now South Bihar Power Distribution Company Limited) is disputed in respect of 33 KV power connection. The nature of dispute & the details relating thereto have been explained in the above paragraph of Note 19.
- (ii) In terms of para 4 of Note 19 to the Balance Sheet, Documents and papers relating to all the immovable properties including land at Banjari are deposited with IFCI Ltd. Which assigned its loan earlier granted to the Company to Arcl - Kalyanpur Cements Ltd. Trust.
- (iii) **Without qualifying our opinion, though the accounts have been drawn on going concern concept, the accumulated losses at the end of current financial year considering the loss of Rs.7890.52 Lacs for the year amount to Rs.42560.16 Lacs against the capital and reserve of Rs.4836.54 Lacs which leaves a negative networth of Rs.37723.62 Lacs. In view of this negative networth, ability of the Company to continue as a going concern is dependent upon the Company's performance after the scheme sanctioned by BIFR.**

ANNEXURE-II TO INDEPENDENT AUDITORS' REPORT

(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act.

We have audited the internal financial controls over financial reporting of Kalyanpur Cements Limited ("the Company") as at 31st March 2016 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

The Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

KALYANPUR CEMENTS LIMITED**ACCOUNTING POLICIES ON BALANCE SHEET AND PROFIT & LOSS STATEMENT FOR THE YEAR
ENDED 31st MARCH, 2016.****NOTE – 18**

The Financial Statements of Kalyanpur Cements Ltd. have been prepared on accrual basis of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. The Management makes reasonable estimates and assumptions which help prepare the accounts giving true and fair view of the financial position of the Company. The significant accounting policies are described as below:

1. The accounts have been drawn-up on the basis of historical cost. Impact of changing prices has not been given either in the Financial Statements or in the notes thereto.
2. Depreciation on historical cost is calculated on straight line method in terms of Section 123 of the Companies Act, 2013 read with Schedule II thereof. In respect of sale/disposal of fixed assets during the year, no depreciation is provided.
3. The carrying amounts of Fixed assets are reviewed at each Balance Sheet date and if there is any indication of impairment based on internal/external factors, the impairment loss is recognized wherever the carrying amount of an asset exceeds its estimated recoverable amount. Previously recognized impairment loss is further provided or reversed depending on change in circumstances.
4. Stock of Raw Materials and Work-in-Progress have been valued at weightage average cost or net realizable value, whichever is lower. Stock of Finished Goods has been valued at the lower of the cost or realisable market value. Stores & Spares are valued at average cost.
5. Retirement benefits in the form of Gratuity and Leave are determined on actuarial basis at the end of the year.
6. Fixed assets are valued at historical cost less depreciation.
7. Contingent Liabilities as disclosed, have not been provided for. Other liabilities are accounted for in the year in which the same are determined.
8. **Revenue Recognition**
Revenue is recognised to the extent that it can be reliably measured and is probable that the economic benefits will flow to the Company.
Sale of Goods: Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods are transferred to the customer and is stated net of excise duty, sales returns and sales tax.
Interest: Revenue is recognised on a time proportion basis taking into account the amount outstanding and the applicable rate of interest.
9. Dividend: Revenue is recognised when the right to receive is established.
Expenses are recognised on accrual basis.
10. Transactions involving foreign exchange are translated into Rupee on the basis of prevailing exchange rates on the date of transaction. Impact of difference in exchange rate is accounted for in the year in which the transactions are finally determined.
11. Occurrences of events after the Balance Sheet date and having material effect on the revenue statements of the year under review are considered in drawing-up the accounts.
12. Company's accounts are being maintained on going concern basis.

KALYANPUR CEMENTS LIMITED**NOTES ON BALANCE SHEET AS ON 31st MARCH, 2016.****NOTE – 19****1.0 Contingent Liabilities :****Claims against the Company not acknowledged as debt:**

- 1.1 **In respect of 33KV power connection:** Prior to August'93 whereafter the company started drawing power on 132 KV line consequent upon enhancement in contract demand from 10.5 MVA to 15.0 MVA, the company used to draw power on 33 KV line. In respect of the power supplied by BSEB through 33 KV line, there were some disputes between the company and BSEB on account of difference between the enhanced tariff claimed by BSEB and the tariff admitted by the company for the period upto 31.03.1994. The total amount under dispute aggregated to Rs. 336.53 lacs against which the company advanced Rs. 272.85 lacs till 31.12.1982 under the Court Order.

According to an agreement between the company and BSEB dated 30.06.1986, a Retired Judge of Patna High Court was appointed as "Arbitrator Sole" to settle the disputes between BSEB and the company and submit his Award. While the arbitration proceedings were in progress, the "Arbitrator Sole" died and the new Arbitrator was to be appointed. However, even though the arbitration proceedings were in progress and unfortunately the "Arbitrator Sole" died, an Award, allegedly signed by the Arbitrator, was filed by BSEB in the Civil Court, Patna for making the same the Rule of the Court. Under the situation, the company has not accepted the award and has challenged its veracity.

Fuel Supply Agreement between Central Coalfields Limited and the company:

- 1.2 The company had entered into a Fuel Supply Agreement (FSA) with Central Coalfields Ltd. (CCL), a subsidiary of Coal India Ltd. (CIL) for supply of coal to meet its requirement under a Long Term Coal Linkage issued by the Govt. of India, Ministry of Energy, Deptt. of Coal. The first FSA was executed on 30.1.2004 which was valid for three years. The second FSA was executed on 25.4.2008 and the same was valid for five years which was to expire on 30.4.2013. Pursuant to the provisions of FSA, the company had furnished to CCL, a Security Deposit of Rs. 123.94 lacs by way of Bank Guarantee. The FSA provided for lifting of an Annual Contractual Quantity (ACQ) with a provision for review thereof on expiry of 3 years from the date of FSA. After substantial increase in pit head price of Coal effective from February, 2011 and in view of technical aspects of the Plant's operation, the company on expiry of three years from the date of FSA requested CCL for review of ACQ which request was followed up subsequently by the Company at the highest level.

The ACQ however, was not reviewed despite explicit provision to that effect in the FSA and CCL unilaterally terminated the FSA on 30.4.2013 on the ground of lifting of lower than the ACQ. CCL also levied damage of Rs. 4.96 crores for not lifting the coal as per ACQ even though such damage was not leviable as the ACQ was liable to be reviewed and CCL did not review the same. They subsequently forfeited the security deposit by invoking the Bank Guarantee of Rs. 123.94 Lacs

The Company has filed a writ petition in the Hon'ble Jharkhand High Court against the unilateral and arbitrary action of CCL and considering its strong position, the company is hopeful of refund of the security amount by CCL and accordingly, the amount forfeited by them has not been considered as expenditure. The Company is confident of waiver of the damages also and this is why the same has not been acknowledged as liability.

Disputed claim of Royalty on Shale;

- 1.3 The Company used some of the reject material from the limestone mines during the period October'99 to October, 2003. Such material, on the basis of the chemical composition mainly Cao and Mgo, is "Shale" as per the Mining Plan of one of our Mines approved by Indian Bureau of Mines (IBM). Shale attracts royalty @ 10% of the sale price on ad-valorem basis. Since Shale did not have any alternate use, no sale price could be determined for the same. The Mines and Geology Deptt., Government of Bihar had however earlier decided to levy royalty on Shale at the rate applicable to "ordinary clay" under the minor mineral. The company accordingly had agreed to pay royalty on Shale as applicable to ordinary clay. Later the Mines Department issued demand and a certificate for recovery of the royalty on such material treating the same as limestone. The company has not accepted the differential amount of royalty which amounts to Rs.43.30 Lacs. Since the matter is still under consideration of the department, this has been treated as contingent liability. In addition, the company has sought waiver of interest on the said dues.

1.4 Unexecuted Capital Commitments : Estimated amount of Contracts remaining to be executed on Capital Account and not provided for amount to Rs. 77.76 Lacs (Previous Year Rs. 28.18 Lacs).

1.5 Cumulative Dividend on Preference Shares : On approval of the scheme of compromise by the Hon'ble Calcutta High Court, the Preference share capital was reduced by 85%. The Preference shares, after reduction of the share capital have face value of Rs. 15/- each. The said Preference shares carry a coupon rate of 0.1%. The cumulative dividend on such shares with effect from the date of approval of the scheme of compromise i.e. 21st November, 2006 till 31st March '16 amounted to Rs. 6.20 lacs.

1.6 Counter-guarantees given by the Company : Counter Guarantees to Banks in respect of Guarantees given by them amount to Rs.12.10 Lacs (Previous Year Rs.13.10 Lacs).

2.0 As per the Rehabilitation Scheme sanctioned by BIFR, the deferred sales tax dues amounting to Rs. 700.16 lacs have been scheduled to be paid during 2014-15. Considering the present financial position, the company could not pay the deferred sales tax dues during 2014-15 and has sought reschedulement thereof through the proposed Modified Draft Rehabilitation Scheme submitted to BIFR.

3.0 The declaration filed under Urban Land (Ceiling and Regulation) Act, 1976 in respect of the Company's holding in excess of the Ceiling prescribed under the Act and the application to retain these lands were made for consideration of the concerned authority. The company at present is contesting a case filed by the Appropriate authority.

4.0 Documents and papers relating to all the immovable properties including land at Banjari are deposited with IFCI Ltd. which assigned its loan earlier granted to the Company to Arcil – Kalyanpur Cements Ltd. Trust.

5.0 In view of erosion of its Net Worth, the company was registered with Board for Industrial & Financial Reconstruction (BIFR) as Sick Company under the provisions of Sick Industrial Companies (Special Provisions) Act, 1985. BIFR sanctioned a Revival Scheme in the hearing held on 24.10.2011 and issued the same vide letter dt. 3.2.2012. The Scheme is under implementation. However, considering the deviations from the parameters laid down in the sanctioned scheme due to various economic reasons, the company has approached the Hon'ble BIFR for Modification of the Sanctioned Scheme including VAT Reimbursement for additional period of 2 ½ years as provided in the Sanctioned Scheme.

NOTES ON PROFIT & LOSS STATEMENT FOR THE YEAR ENDED 31ST MARCH 2016

NOTE – 20

- 1.0 With a view to ensuring proper disclosure, a separate line in respect of Freight & Selling Expenses has been added in the Profit & Loss Statement.
- 2.0 A separate note to the Profit & Loss Statement namely Note 13 comprising various manufacturing expenses has been provided in the Financial Statement for the year under report.
- 3.0 As per the Revival Scheme sanctioned by the Hon'ble Board for Industrial & Financial Reconstruction (BIFR), the company is eligible for relief on account of VAT reimbursement to the tune of Rs. 165.04 Crs. Out of this, the relief amount of Rs. 87.55 Crs. was accounted for in the accounts of the company for the financial year 2010-11 on the basis of the Draft Rehabilitation Scheme circulated by BIFR and in anticipation of the approval of the State Government which was subsequently received. The company accounts for / will account for the balance relief amount of Rs. 77.49 Crs. on the basis of the actual VAT reimbursement amount received from the state Government as reduced by the refund to be made to them on account of the sales tax exemption amount retained by the company and as provided in the Sanctioned Scheme. At the end of the scheme period, the total VAT reimbursement amount would be Rs. 165.04 Crs.

In view of the unsatisfactory operations of the company due to various economic reasons and particularly the lime stone problem, the company could not pay Value Added Tax (VAT) during the current financial year also and therefore no VAT reimbursement could be received from the State Govt. during 2014-15 & 2015-16 except the reimbursement of Rs.5.09 crores pertaining to the earlier period i.e. Jan-Mar,2014 quarter. This amount was utilized, as provided under the Revival Scheme, for payment of a part of the Sales tax exemption amount, which was due to be paid in financial year 2013-14.

9.0 The Micro, Small and Medium Enterprises Development Act, 2006 stipulates payment of interest to the "Supplier" defined in the said Act by the buyers. In terms of the said Act, the "Supplier" means a Micro or Small Enterprise which files a Memorandum with any of the five authorities provided therein. The company has sent communications to such parties to ascertain their status regarding filing of Memorandum. No response has, however, been received from the parties following which the company is not in a position to ascertain its statutory liability under the said Act. However, as a measure of abundant precaution, the company based on its judgment, has made provision for interest on dues over 45 days as required under the said Act.

10.0 Pursuant to BIFR's approval the Company has sold its surplus land situated at Dehri-on-sone in Rohtas district of Bihar.

11.0 The tenure of Mr. Shailendra Prakash Sinha, the Managing Director ended on 22.02.2016. The Board of Directors re-appointed him as Managing Director for a further period of three years w.e.f. 23.2.2016. Approval for re-appointment has been granted by the shareholders also. The Nomination & Remuneration Committee, the Board of Directors and the Shareholders have also approved the remuneration payable to him during the period of re-appointment. The approval of the Central Govt. has been sought and the same is awaited.

- 12.0 The Depreciation has been provided as per the provisions of Schedule II to the Companies Act, 2013. In case of the Plant & Machinery which is continuous process plant, the Company earlier had estimated 18 years as the useful life of the Plant and the same being lower than the useful life now prescribed in Schedule II, the Company continues to charge depreciation based on the earlier estimated useful life.
- 13.0 Figures of the Previous Year have been recast and/or regrouped wherever necessary to bring them in line with the figures of the current year.

Notes 10 to 17 and Note 20 are the Notes annexed to and forming part of the Profit & Loss Statement and Note 18 contains the accounting policies followed in preparation of the Profit & Loss Statement for the year ended 31.03.2016.
